Dennis J Geier
6752 Van Gordon Rd.
Liberty Township OH 45011

To whom it may concern,

Dennis J Geier 9/20/1954 is noted to be at high risk for a cardiac event based on symptomatic presentation and medical diagnosis of coronary artery disease. It is my recommendation the patient undergoes cardiac catheterization requiring hospitalization at the soonest availability. Urgency is deemed necessary in account that the patient is a parental guardian at this time and will need spouse present to assist with care of child during his hospitalization.

If you have any questions or concerns, please don't hesitate to call.

Sincerely,

Vanshipal Puri, MD
