Patient: **Haoyu Zhang**

Date of Birth: **1/5/2017**

Date of Visit: **2/21/2022**

To Whom it May Concern:

Haoyu Zhang was seen in my clinic on 2/21/2022 to establish care. He has been in the country without his biologic mother for an extended period due to immigration related barriers. As a pediatrician, I am very concerned this will have a negative impact on the development and mental health of this young child. As such, for those reasons, efficient processing of her immigration is necessary to help healthy development of this child in the long term.

If you have any questions or concerns, please don't hesitate to call.

Sincerely,
